

Finance Associate, Reporting & Analytics, Copenhagen

Deadline:
28-08-2025

Contact person:
Nicolai Johansen

Job area:
Finance

Position type:
Full time

Company:
Urban Partners

Do you want to be a part of a great team in an innovative real estate company that invests and develops to make the world better and cities greener? If so, we welcome you to join us as an Associate in our Reporting & Analytics team at Urban Partners in Nordhavn, Copenhagen. You will be a part of an ambitious company with real impact, a unique approach to urban development, and a deep commitment to sustainability.

The position

Urban Partners is a unique and dedicated company and a place where people truly work together as a team, valuing each other's differences and the importance of each team member. In the Reporting & Analytics team you will experience positive and informal collaboration and a fundamental commitment on trust and that everybody is in it together and helps one another. The Reporting & Analytics team is committed to automation and optimization of manual processes, and part of the job is to work with data models. The team is part of finance and group support, that supports Urban Partners global growth where you and team are responsible for working closely with investors and internal stakeholders, e.g. Investor Relations, Sustainability and Digital, providing analyses and reporting. The role is distinct and attractive in close investor exposure and in looking across all funds in all countries – thus being pivotal and contributing to the “complete and correct picture”.

Key tasks

- Financial reporting to investors
- Ensuring that reporting complies with industry standards
- Financial analysis including benchmarking
- Track record analysis
- Centralizing and aligning reporting across investments and funds
- Assisting in due diligence processes

Background

At Urban Partners we always look for caring colleagues who have a “can do” attitude and a high level of integrity. We value a positive, entrepreneurial attitude as well as excellent collaboration at all times. We seek a responsible and development-motivated colleague who works dedicatedly in a sharing and engaged manner – always with a view to deliver quality and the right product and to pursue ways to improve and learn. A background e.g. from first tier audit company, consultancy and/or investment/funds company is relevant, but we are also very open to other backgrounds, as long as your approach, personality and skills fit our role and our team.

We expect you have

- Master's degree in Finance, Economics and/or Auditing. Can also be HD 2 combined with relevant working experience
- Financial/numerical proficiency combined with strong business acumen
- Deep interest and commitment in ensuring representative and correct numbers
- Structured, analytical and reflective approach
- Stakeholder management experience ideally including multi-country
- Digital skills and tools proficiency (e.g. SQL, PowerBi, Microsoft Excel, data structure, data cubes)
- Excellent English skills

Join us

If the above describes you well, please submit your application, including a single-page cover letter and CV, using our recruitment system at latest 28 August 2025.

We appreciate receiving applications sooner rather than later, and will be conducting interviews on an ongoing basis, so please submit as soon as possible.

Any questions about the position can be sent to Nicolai Køltzen Johansen at nijo@urban.partners.
