

Student Analyst, Reporting & Analytics, Copenhagen

Deadline:
10-02-2025

At Urban Partners we believe that 'powering the progress of cities and citizens' is our opportunity to contribute to a more sustainable and equitable world. We do this by investing in assets, companies, technologies, and solutions.

Becoming our new Student Analyst in the Reporting & Analytics team, you will have a unique opportunity to support Urban Partners in reaching our ambitious goals of building cities of tomorrow. If you get energy from working for an internationally growing company and want to be part of making a difference, you may be our new team member!

Contact person:
Nicolai Johansen

Job area:
Finance

Position type:
Student analyst

Company:
Urban Partners

The Team

As part of the Reporting & Analytics Team you will become a member of a team with 9 dynamic and energetic people, and you will play a central role in setting and contributing to Urban Partners' strategic direction. We are a place where people truly work together as a team, valuing each other's differences and the importance of each and every team member. As a team, we do not only work together, but also have fun in an informal and lively atmosphere and celebrate our great results together. Professional and personal development is something we give high priority, and with us you will develop by receiving and giving feedback from colleagues and by sparring with your team members. You will be a part of a powerhouse of brilliant and caring people raising the bar for the industry.

The Position

We expect that you can work about 15-20 hours per week with the opportunity to be flexible during exams. You will have a unique opportunity to work with financial and non-financial reporting, analysis, and development/standardization of reporting and data processes, and develop a relevant skillset to support your professional growth during your studies.

Example of tasks:

- Financial reporting
- Execution of reporting according to standard instructions
- Data control and quality check in Power BI
- Support with ad hoc tasks

Qualifications

We expect that you are a Bachelor's or Master's student in business, economics, business analytics, data science or similar. You are interested in financial reporting and have strong communication skills and analytical capabilities. Relevant work experience is a plus but not a requirement. Besides, we hope that you are:

- Skilled in Microsoft Excel and PowerPoint
- Fluent in Danish and English
- A self-driven team-player
- Curious and constant learner
- A positive person with a humble attitude

What We Offer

- **Make a difference** by helping create urban spaces and places that enrich people's lives in the most sustainable way
- **Lead the industry** with an innovator that is pioneering new approaches while raising standards and inspiring the industry
- **Learn and grow** as part of a powerhouse of brilliant people where teamwork, feedback, and different ways of thinking are at the core
- **Be your whole self** in a purpose-driven culture with a strong sense of belonging, based on trust, celebration, and caring for each other

Join Us

If you are interested, please let us know more about you as soon as possible, and no later than the 10th of February 2025. We are happy to answer questions for more information, so please reach out to Nicolai Køltzen Johansen at nijo@nrep.com.
